## Why ERCI is NOT a stablecoin

- No fiat peg: ERCI does not target EUR, USD, or any other reference price.
- No reserves: ERCI makes no claims of backing, collateralization, or redeemability.
- No issuer relationship: ERCI is not affiliated with Circle or any third-party issuer/brand.
- Market-driven price: ERCI price is determined by open market activity and liquidity pools.

Disclaimer: ERCI is an independent community project. This document is informational and not financial advice.
